

OV 1 MOHAWK ASSOCIATION FORMED

On Saturday morning August 21, 1993 the Association members attending the reunion accomplished another mile stone in the history of the American Wings Air Museum and the OV1 Mohawk Association. The mile stone was the adoption of a constitution and a slate of officers to preserve the Association and guide it into the future. The phenomenal growth of the Association over the past few years has highlighted the need for a more formal organization structure and a dedicated group of volunteers to accomplish all of the things required to run an organization as large as the OV1 Mohawk Association has become.

The constitution will provide the organizational structure and the slate of officers who volunteered and were elected to serve the more than 270 members of the Association are:

Executive Officer	Paul Reed
Reunion Officer	Joe DiMaggio
Publication/Information Officer	Paul Jacobsen
Historical Officer	Joe Fenley
Membership Officer	John Towler
Secretary/Treasurer	Chuck Schall
Museum Director	Mike Langer

Each of the above officers is available for your comments, questions or concerns. We will be publishing information in future issues of the news letter to enable you more easily to contact each of these people.

Thanks to the efforts of the members at the reunion who participated in the Saturday morning business meeting the Association is now in a position to continue to grow and provide the kind of services it's members require.
