Guest Speaker Presentation:

Speaker this month is Bobbie Himel from Streams of Hope Ministries. This ministry desires to help the homeless, those recently released from incarceration, aged out orphans and foster children and others as the Lord leads. They do this through offering care packages, counseling and prayer, one on one support Bibles and books as well as other resources. They also want to be able to connect those they serve with other community resources to help better their situations and lives. In the future they want to be able to open a home to those needing a place to stay. This shelter will house 12-14 for up 12-14 month course. During this time they will be provided their needs along with counseling.
