The Montana Seaplane Pilot's Association is a hobby type, recreational, sport flying organization. The newsletter is an amateur production intended only for the edification and entertainment of the association's members. It contains information, suggestions and ideas from other members. If you have questions about ideas or suggestions from the newsletter, you should cross check the information prior to its use. The social events and fly-ins reported in the newsletter are suggestions only and, because of location, type of airport, surrounding terrain, etc., all events reported may not be suitable for attendance by all club members. Prior to attending an event in the newsletter, each member should review the proposed event site and, based on that and the flying experience of the pilot/member, assess the capability of the pilot to successfully and safely attend the event. The Montana Seaplane Pilots Association assumed no responsibility or liability for the contents of the newsletter or for the damages resulting from attendance at events reported in the newsletter. Visit our website for more information: www.mtseaplanes.org
