

### Trash Locations

The following is a list of locations that tend to get trashy. One of my favorite places to go is Murrell Park on the south end.  
High frequency locations are most in need on a regular basis.

Park	Knob Hill Park/Trail	2QVV+Q5 Flower Mound, Texas	Turn left on 377 from 1171, travel a short distance and there will be a parking area on the left (east) side. That is the beginning of the trail. Usually trash in the parking area, then follow trail to right and walk to creek/river. It is a popular fishing area under the bridge that goes over the creek on 377.	High
	Murrell Park	880 Simmons Rd, Flower Mound, TX 75022 At the end of Simmons Road, off of McKamy.	I have attached of a map for once inside the park. Trash is usually found at the end of the fishing trails right at the waters edge, among rocks and also at the very end of the park there is a picnic area, on the right side of the parking area when facing the water there is a bushy area that collects trash and also at the waters edge. Trash can be placed in the dumpsters at the park but I need a count on the number of bags!	High
	Murrell Park	2908 N Park Dr, Flower Mound, TX 75022 South end - Access at end of North Park Drive.	Northshore Bike trail goes through here and is a spot where bikers park and enter the trail. To get to the lake, enter at roadway with gate on left, walk about 1/4 mile to end of the road (veers to left at one point with restrooms on right, stay on roadway). At the end you will see the lake and trash is located along the shoreline. Trash is also in the parking area. (nice walk and setting, a nice picnic spot) Here is a link to the map: <a href="https://goo.gl/maps/hhIAW">https://goo.gl/maps/hhIAW</a> There is a line showing on the map that says COE that is the road that you walk to get to the lake (COE - stands for Corn of Engineers	High
	Amy Pond	4500 Amy Ln, Flower Mound, TX 75028	Debris tends to flow down to the pond from Westchester Park and Glenwick. The trash is often hard to get at so would be good to take a swimming pool pole to reach into the pond. You can also walk around the pond to reach. Can continue up the creek area to get any trash before it hits the pond. Might want to wear boots.
