

Trees and Shrubs

Picture	Common Name	Variety	Botanical Name	Light	Flower Color	Characteristics	Height	Bed
	5 Leaf Aralia		<i>Eleutherococcus sieboldianus</i>	Full Sun to Full Shade	Greenish-White	Makes a good hedge. Drought tolerant. Tolerates poor soils.	8-10 ft	F
	Barberry	'Golden Rocket'	<i>Berberis thunbergii</i>	Full Sun to Part Shade	No Flower	Bright red berries attract birds and wildlife in the winter. Spines. Deer resistant.	4-5 ft	D
	Boxwood	'Green Velvet'	<i>Buxus sempervirens</i> x <i>Buxus microphylla</i>	Full Sun to Part Shade	No Flower	Evergreen shrub. Can be pruned to a hedge.	2-4 ft	B and U
	Boxwood	'Winter Gem'	<i>Buxus microphylla japonica</i>	Full Sun to Part Shade	No Flower	Evergreen shrub. Can be pruned to a hedge.	4-6 ft	C
	Colorado Blue Spruce		<i>Picea pungens</i>	Full Sun	No Flower	Very cold tolerant evergreen tree. Frequently used as Christmas trees. Large tree.	50 -75 ft	Z

	Dogwood	'Garden Glow'	<i>Cornus hessei</i>	Full Sun to Part Shade	White	Avoid standing water and afternoon heat. Tolerant of any soil types and pH.	5 x 5 ft	B
	Elderberry	'Black Lace'	<i>Sambucus nigra</i>	Full Sun to Part Shade	Pink	Great as a landscape shrub or potted plant. Prefers moist soil. Easy to grow and adaptable. Poisonous.	6-8 ft	B
	Elderberry	'Sutherland Gold'	<i>Sambucus nigra</i>	Full Sun to Part Shade	White	Does best in moist soil. Less susceptible to sun scorch. Attracts birds and butterflies. Poisonous.	10x10 ft	A
	False Cypress		<i>Chamaecyparis</i>	Part Shade	No Flower	Attractive. Fragerant. Will not tolerate extreme heat, drought or winds.	8-20 ft	I
	Flowering Crabapple		<i>Malus</i>	Full Sun to Part Shade	Pink/Red	Spring flowering. Ornamental tree. Varying fruit sizes.	12-20 ft	I
	Fothergilla	'Blue Shadow'	<i>Fothergilla major</i>	Full Sun	White	Makes a good hedge. Prefers moist, acidic, well drained soil.	5-6 ft	F

	Hydrangea	'Blushing Bride'	<i>Hydrangea macrophylla</i>	Full Sun to Part Shade	Pale Pink	Blooms on old and new wood all summer long. Good cut flowers.	3-5 ft	V/W
	Hydrangea	'Bobo'	<i>Hydrangea paniculata</i>	Full Sun to Part Shade	White/Pink	Perennial Bush, Dwarf Habit	3 ft	E/F
	Hydrangea	'Endless Summer'	<i>Hydrangea macrophylla</i>	Full Sun to Part Shade	Blue, Pink or Lavendar	Blooms on old and new wood all summer long. Good cut flowers.	3-5 ft	D and V/W
	Hydrangea	'Limelight'	<i>Hydrangea paniculata</i>	Full Sun to Full Shade	Lime Green	Sturdy flowers, soil pH does not affect color. Good cut and/or dried flowers. Drought tolerant.	8 ft x 8 ft	P
	Hydrangea	'PeeGee'	<i>Hydrangea paniculata</i>	Full Sun	White	Needs full sun but more cold tolerant. Can be pruned into tree form unlike others.	8-10 ft	C
	Magnolia		<i>Magnolia</i>	Full Sun to Part Shade	Pink/White	Spring flowering, very showy flowers. Needs to be protected from winds. Does not tolerate poorly drained soils.	15-20 ft	V/X

	Northern Red Oak		<i>Quercus rubra</i>	Full Sun	No Flower	Large, quick growing shade tree. Tolerates pollution and compact soil.	60-75 ft	U
	Pagoda Dogwood		<i>Cornus alternifolia</i>	Part Shade	White	Spring flowering. Umbrella shape.	25 ft	B
	Redbud		<i>Cercis canadensis</i>	Full Sun	Lavendar	Spring flowering. Smaller ornamental tree.	20-30 ft	V
	Rhododendron		<i>Rhododendron</i>	Full Sun	Purple	Flowers late spring. Evergreen. Shade tolerant. Attracts hummingbirds.	5-6 ft	Z
	Rose of Sharon	'White Chiffon'	<i>Hibiscus syriacus</i>	Full Sun to Part Shade	White	Flowers late summer to fall. Deer resistant. Can be trained to a small tree.	6-8 ft	H
	Serviceberry		<i>Amelanchier</i>	Full Sun to Part Shade	White	Blooms in the spring followed by edible berries that attract birds. Tolerates clay soils and pollution.	10-20 ft	P and Z

	Sweetpire		<i>Itea virginica</i>	Full Sun	White	Blooms early summer. Tolerates heavy shade and wet soils. Good for rain gardens.	3-4 ft	Z
	Sweetpire	'Little Henry'	<i>Itea virginica</i>	Full Sun	White	Blooms early summer. Tolerates heavy shade and wet soils. Good for rain gardens.	2 ft	P
	Tricolor Beech		<i>Fagus sylvatica</i>	Full Sun	Yellow-Green	Does not tolerate wet, heavy soils. Full sun may scorch leaves.	40 ft	U
	Viburnum		<i>Viburnum</i>	Full Sun to Part Shade	White	Spring flowering, fragrant. Tolerant of wide variety of light and soils.	5-8 ft	Z
	Viburnum	'Mohican'	<i>Viburnum lantana</i>	Full Sun	White	Spring flowering, fragrant. Tolerant of wide variety of light and soils.	6 ft x 8 ft	P
	Weeping Copper Beech	'Purpurea Pendula'	<i>Fagus sylvatica</i>	Full Sun	No Flower	Tolerates variety of soils if well drained. Does not require pruning. Slow growing.	10-15 ft	O/P

	Weeping Katsura		<i>Cercidiphyllum japonicum</i>	Full Sun	No Flower	Compact tree. Slow growing. Showy.	15-25 ft	V
	White Fir		<i>Abies concolor</i>	Full Sun	No Flower	Very large evergreen. Commonly used as a Christmas tree.	60-200 ft	B/E
