Produce GAPs Harmonization Initiative

The Secretariat of the Produce Good Agricultural Practices (Produce GAPs) Harmonization Initiative (the "Copyright Owner") hereby grants a non-exclusive license to AMERICERT INTERNATIONAL ("Licensee") for permission to make claims to be performing audits using the Produce GAPs Harmonized Standards (the "copyright work") according to the terms and conditions set forth herein, and the current versions of the Produce GAPs Harmonized Standards, available at [www.unitedfresh.org/gap-harmonization-initiative](http://www.unitedfresh.org/gap-harmonization-initiative), for a period ending three years after Secretariat's date on this license. Failure to comply with the Conditions of License may result in immediate termination of the License upon notice.

**Conditions of License.** The Licensee agrees to only use, copy, reproduce, display, and distribute the copyright work verbatim and without any modification to the wording of the Requirements, Procedures, Verification or Corrective Action of the audit items therein, according to the current version as displayed on the United Fresh Produce Association website, including all copyright and proprietary notices. The Licensee specifically disclaims any derivative use of the copyright work. Failure to comply with the Conditions of License may result in immediate termination of the License upon notice. Licensee may include additional audit items in the audit using the Produce GAPs Harmonized Standards, provided that those items are clearly marked as not part of the Produce GAPs Harmonized Standards (e.g., "riders"). Licensee may not delete any audit items in the audit using the Produce GAPs Harmonized Standards, although they may be designated during the audit as "not applicable".

The Licensee further agrees that all unresolved disputes between the Licensee and an auditee regarding the interpretation of the copyright work shall be submitted to the Calibration Committee of the Copyright Owner, the decision of which shall be final.

The Licensee also further agrees that all auditors under the Licensee's control, care, employment, or use shall not perform any audits under the copyright work until having successfully completed training using official training materials as prescribed by the Calibration Committee of the Copyright Owner.

The Copyright Owner retains all other rights in the copyright work, including without limitation, the right to copy, distribute, publish, display or modify the copyright work, and to transfer, assign or grant license of any such rights.
