Promoting Good Will & Civic Peace Principles for All the People
• Since 1985 •

**Public Comment Presented to California's
PARKS FORWARD COMMISSION
At Public Meeting on 2014 April 30th near SFO**

The STAR ALLIANCE • FOUNDATION FOR ALL • proposes a spectacular monument dedicated to cooperation and peace — "from sea to shining sea" — to grace the peak of **Angel Island** and serve as a complement to the globally iconic **Statue of Liberty** in New York Harbor.

Companion to a mobile "Floating AquaTheater™" on the Bay, the elevated **Ring of All Nations™** monument will provide spectacular, 360-degree views from its multiple observation decks; plus restaurant, meeting, and display spaces dedicated to worldwide peace education, public service, and public parks.

The upper deck of the Ring Monument will support heroic statuary of thirty diverse human figures, gathered in a circle, hands clasped in solidarity, eyes upraised to a central fountain of stars representing humanity's "**Highest Common Ideals.**"

For more on global context, please see **Ring of All Nations** concept paper (especially pages 7-8) posted at www.STARALLIANCE.org.

Both structures will serve as prototypes for similar monuments and facilities recommended worldwide for inter-connectable democratic assembly, public education and inspiration.
