Good Will Wisdom Principles for All to Share

Universal Citizens! Let us aspire and attain to best qualities of life for all! Toward this great goal, let us approach and sustain all our relations to our best abilities in a good way: fitting and fair; well-balanced, holistic, and courageously life-supporting! Let us be guided and encouraged in this quest by certain *Good Will Wisdom Principles for All to Share!* We declare these, in their totality, as our *Highest Civic Ideals*: universally intelligent, self-and-mutual: *good will awareness, respect, integrity, communication, cooperation, celebration, understanding, compassion, forgiveness, and creativity* — with all their branching expressions!* • Let everyone learn and experience these values early in life, and refresh and practice them daily — inspired by the many examples we find deeply embedded, yet also visible, within our hands. • As individuals, families, communities, and societies so dedicated and so united — we can achieve safer, healthier, happier lives and environments for all! • May all people cherish vital good intentions — and share duties and benefits *fairly* — so that all may live and grow together in harmony. • Let us do our best to set and achieve common and complementary goals; to build and sustain healthy relationships, in friendship for quality of life at every level. Let us move forward together toward fitting, just, and therefore growing and *lasting* liberties, joys, and fulfillments for all — delighting in the abundant fruits of happily integrated, diverse *and* unified communities of genuine, sustainable peace and love!**

Promoting Good Will Wisdom Principles • Highest Civic Ideals

UNIVERSAL CIVIC EDUCATION FOR HOLISTIC, SUSTAINABLE PEACE & LOVE

• **STAR ALLIANCE** — a grassroots, not-for-profit educational organization established in 1985 — is dedicated to the service of everyone, *through everyone!* How is this realistic or possible? Answer: Through the catalytic effects of *Universal Civic Peace Values Education and Inspiration!*

• **What a concept!** Everyone is invited to be a vital part of this vital process. The greatest *stars* of STAR ALLIANCE are civic principles or *points of value* that taken all together: can help individuals and communities build sustainable, healthy relationships at every level of life — from the most intimate to the most comprehensive. Such *natural laws* of genuinely peaceful, loving relationship can be identified and promoted in a nonpartisan, nonsectarian way. With such a civic approach, instruction for good social values and character-building can be made universal — through the Internet and official networks of schools, prisons, and other publicly-supported programs. All can learn these laws and make best efforts to practice them daily. In this effort, *everyone matters*. And in this way, *Everyone Can Be a Star!*

• **The grassroots STAR ALLIANCE Foundation** has made *Universal Civic Peace Values Education* an attainable goal by creating a series of educational and promotional documents and instruments of commitment to *Good Will Wisdom Principles for All*. STAR ALLIANCE public pledges, declarations, and support materials such as our *Vocabulary of Peace™* curriculum approach, can easily be integrated into existing language and social studies classes in public and private education. By reading, understanding, sharing, and endorsing STAR ALLIANCE documents, all can join a historic network of awareness and resolve that will dramatically improve safety and quality of life while saving major resources!

• **Campaign Good Will Vision™ 2020** aims to promote STAR ALLIANCE ideals to 20% of our world's population by the year 2020. To create the most effective program and support base, we will affiliate with a variety of groups who endorse the declared ideals and agree to honor them. STAR ALLIANCE will license the distinctive *Arc of Rainbow Stars™* logo, our trademark name/s, and our unique educational materials to government agencies, private and nonprofit community organizations, businesses, and importantly: media producers, writers, talent, agencies, broadcast stations, and networks.

• **You can help prepare for this historic campaign!** The STAR ALLIANCE foundation needs and welcomes investments of *space, time, talent, and treasure*: • to help preserve and share our important history • to develop, adapt, protect, and network fine educational materials • and to strengthen critical infrastructure, staffing, outreach, and skills.

• **“Angel” volunteers, donors, and sponsors will give us wings!** Investments are IRS tax-deductible in any amount. Since we currently depend on grassroots support, any amount makes a difference! Please use the *Pledge Support* button at www.STARALLIANCE.org, or write or call us with questions and ideas. Together we can arrange conference calls, online chats, cooperative presentations, panel discussions, clear-headed parties, and other fun and educational activities for students, friends, families, neighborhoods, schools, agencies, service groups, and business teams.
