# Star Citizens Comprehensive Declaration • Highest Civic Ideals •

SUSTAINING GOOD WILL • INTEGRITY • PEACE • FREEDOM • JUSTICE • JOY • LOVE

[Declaration Edition III of III]

A Vision & Commitment to Good Will & Wisdom Principles with Benefits for All  
• Aspirations & Standards for Secure, Sustainable Societies Everywhere •

People everywhere seek to optimize their creative potentials, achievements, and happiness. For this, each & all of us must aspire to responsible liberties within larger societies of health, wholeness, security, and joy!

Therefore *We, Star Citizens Everywhere*, acknowledge certain universal, axiomatic principles & values of healthy, sustainable relationship; upon which all systems of social organization — and the laws we create together — ought squarely to be built, administered, interpreted, refreshed, & lived!

We acknowledge the present as a critical turning point in human & planetary history. Irreversible catastrophes threaten even as unique possibilities beckon! These intense *dangers and opportunities* require bold new thinking — new personal & public policies which will support health & wholeness for all — better to meet the steep evolutionary imperatives which together we face.

We acknowledge our highest & best interests in eliminating unnecessary and persistent *ill will* resulting in unethical, negligent, unkind, violent, & otherwise harmful behaviors, attitudes, & conditions. The staggering aggregate risks & costs of all these include widespread, irreparable loss of life, health, resource, environment, & *time*, indirectly or directly affecting everyone.

We acknowledge the power & importance of individual & collective intentions, expectations, commitments, & actions. Best to avoid unnecessary negative effects and disasters — & to harmonize & optimize positive plans — first we must conceive & share widely with one another *Our Highest Civic Ideals*. Then we can best gauge and engage specific action goals & priorities.

*We proclaim the following inclusive, foundational social intentions and resolve — to the best of our abilities — to identify, adopt, & practice these and all of Nature's Laws for healthy, positive, creative, sustainable relationships.*

- We shall empower greater understanding of genuine peace & love at every level of society: individual, family, school, work, community, nation, world, & beyond
- We shall culture mutual security, wisdom, fairness, friendship, & compassion
- We shall work together to support & promote excellent qualities of life & livelihood for all
  
- We shall strive for:
  - good outcomes, ideally for all, from any situation
  - universal, quality public education, equally available for all
  - holistic health for everyone
  - equal opportunity, fair competition, & cooperation
  - equity in human rights, including *economic equality before the law*<sup>1</sup>
  - proper understandings & proportional shouldering of responsibilities: to support creative freedoms, fairness, & earned prosperity for all
  - constructive, productive, & restorative social & economic justice
  - harmony in physical, emotional, social, economic, intellectual, & spiritual environments, supportive to all.

Towards this comprehensive vision of peace, let us ally our collective will power, intelligence, resource, & time: to establish a *Civic Star Alliance Cooperation & Media Network* — for education, commitment, and action.

Let us *Communicate, Cooperate, & Celebrate* — with good will and integrity — to facilitate understanding, achieve efficient and effective conflict resolution & transformation; and enhance our collective security, accomplishments, and joys!

Let us aspire & act toward the highest levels & scope of public service in this enterprise — employing responsible & *responsive* institutions of representative government, education, business, culture, public & free media everywhere.

\* \* \* \* \*

*Social values — clearly acknowledged & expressed — help guide us as individuals, institutions, communities, nations, & civilizations.*

GOOD WILL EDUCATION FOUNDATION FOR ALL™

## A UNIVERSAL MOVEMENT FOR CIVIC PEACE VALUES

• **STAR ALLIANCE** is a grassroots, not-for-profit educational initiative, dedicated since 1985 to the service of *everyone, through everyone!* How is this realistic or even possible? Through the catalytic effects of *Universal Civic Peace Values Education, Awareness, Inspiration, and Participation!*

• **What a concept!** In an age of tremendous positive and negative potentials (the latter including no less than *Nuclear Winter*) — *all people* should not only be invited but also realize they are *vital* to this historic social process! The greatest *stars* of STAR ALLIANCE are nonpartisan, nonsectarian civic principles — *StarPoints™* of practical value — that activate and support the universal *Golden Rule*. All those who do their sincere best to learn and practice these principles qualify as *Citizen Stars*. Everyone matters. Together we can save major personal and public resources and irreplaceable time, while increasing security and quality of life for everyone! Education for these values is self-reinforcing, because it helps individuals and communities build better, healthier, happier lives and relationships — from intimates and families to the entire *Family of Humanity*. These values can be promoted efficiently through the Internet and established institutional channels such as nonprofit, educational, business, government, and professional programs; schools, prisons, and media.

• Since 1985, your citizen-powered STAR ALLIANCE has created *Pledges, Declarations, and The Vocabulary of Peace™* program; which can easily be integrated into existing social studies and language classes. And we plan to make excellent *public service announcements*.

• **Campaign Good Will™** aims to promote STAR ALLIANCE good will ideals to 20% of the population by the year 2020. For this purpose, the organization will affiliate with a variety of groups who endorse and honor the declared ideals. We will license the distinctive, meaningful *Arc of Rainbow Stars™* logo, our catchy name, and quality educational materials to participating government agencies, private and nonprofit community organizations, United Nations NGO's, businesses and media: producers, writers, talent agencies, broadcast stations, and networks worldwide.

• **You can help prepare for history!** STAR ALLIANCE welcomes investments of *space, time, talent, and treasure*. • 1) to help preserve and share our prestigious and gritty, 32-year history • 2) to develop, adapt, protect, and network our educational materials • 3) to strengthen critical infrastructure, staffing, skills, and outreach.

• **Angel volunteers, donors, and sponsors will give us wings!** Volunteers and charitable investors are welcome from around the globe to help establish effective, linked chapters. Contributions are IRS tax-deductible in the U.S.; and since we depend on grassroots support, any amount makes a difference. Please use the *Donate* button at [www.STARALLIANCE.org](http://www.STARALLIANCE.org), or write or call with your questions and ideas. Together, we can arrange meetings and conference calls, media interviews, cooperative presentations, panel discussions, clear-headed parties; and fun, educational activities for students, friends, families, neighbors, schools, agencies, service groups, and business teams. *Remember:*

• *Everyone Can Be a Star!™* —and— *Teamwork Makes the Dream Work!™* •
