Thank you, Dianne.

As helpful suggestion, Freestone County can utilize their ES&S Rep who can easily put the precinct level election results (for Paper ballots, for iVotronic Early Vote and iVotronic Election Day) together in about 5 minutes. Here is an example of such a [report](#) from Williamson County who also use ES&S.

Hello Ms. Pressley,

We have been working with a skeleton crew every since the election, however we will honor the request no later than the 10th day from the date it was received.

Thanks for your patience.

Dianne

Hello Dianne,

Thank you for all you are doing to help ensure fair and honest elections. Wonder if you could please post the Absentee, Early Voting and Election Day results for the Cook McNutt race? Actually, this type of break out of the results is required by law and the public is entitled to have access to them. Here are the statutes regarding the election results reporting: Texas Election Code [87.1231](#) and Texas Election Code [65.014](#).

You might ask the ES&S rep to help generate a precinct report for Freestone County and post it to your website. Here is an example of such a [report](#) from Williamson County that uses ES&S. Thank you for your help. At your earliest convenience, can you send me the following results for the McNutt race over email in a text or pdf format?

- a) Early Vote iVotronic
- b) Early Voting paper
- c) Election Day iVotronic

Regards,

Laura
